## Some important information to remember:

- ◆ The teachers' responsibility during the day is to care for our children, not input grades immediately into MSP. We must be patient and provide the teachers the time they need to get assignments and tests graded and input into the system.
- ◆ Teachers are required to have at least 1 grade input per week, per subject they teach.
- ◆ If you have a question about a grade, please ask your child first, if possible, and then the teacher who assigned the work.
- ◆ Access to MSP is intended to increase positive and effective communication between home and school! It is not intended to cause more work or stress to families. Only use it if you find it helpful.

If you have questions about the MSP system or need assistance, contact the SJS office or a member of the Academic Committee.
